

Materials

- Pencil
- Coloured paint / pens / pencils

This week we will be making a drawing inspired by our natural environment.

Start by thinking about a natural space that is special to you.

For example:

- Your garden
- The sea
- A park

Start by using your pencil to draw what you love about that space...

- For example:
- A tree
- An animal
- A flower

Now draw the landscape around your object...

- Is there grass?
- Is it sandy?
- Is there water?

Now draw the sky and the weather...

- Is it sunny?
- Is it raining?
- Is it night or day?

Now draw you in the natural space...

- Are you sitting, standing or lying down?
- How do you feel?

Finally, add colour to your drawing.
