First, think of an animal you would like to draw.

Draw the animal's **head** and **shoulders**.

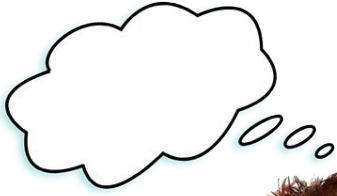

What kind of ears does it have?

What kind of nose does it have?

What colour is it?

Now think of a 2nd animal.

Draw this animal's stomach, legs and tail connected to your drawing.

How many legs does it have?

Does it have a tail?

What colour is it?

If you want, you can draw a landscape or home for your animal to live in.
