

## Materials

- Paper
- Coloured Pencils / pastels
- Leaves, coins, sticks

This week we will be making a drawing from paper rubbing.

Start by collecting:  
leaves  
coins  
sticks

Lay your items on the table.

Place your paper on top.

Use your pencil to rub over the area on the paper where your object is underneath.

Continue to layer the rubbings to create patterns or landscapes on your artwork.
